| STRATEGY PROCESS CHECKLIST | | | |
|--|-----------|-----------|--|
| Process Stages | Timeframe | Completed | |
| Set up a multi-disciplined strategy development team who | | | |
| are responsible for completing the process and presenting their | | | |
| final decision on the strategy that most suits and achieves the | | | |
| organization's mission or objective. | | | |
| Ensure you have defined your market or industry correctly. | | | |
| Confirm your mission statement is still correct and relevant. | | | |
| 4. Create on initial strategy statement, which like a hypothesis | | | |
| you need to test and research for validity. | | | |
| Create a SWOT analysis. | | | |
| Explore through ANSOFF potential 'market' strategies. | | | |
| | | | |
| 5. Define your internal capabilities in relation to a chosen | | | |
| strategy. Use an analysis tool such as Boston Matrix. | | | |
| Assess and judge the best strategy for your external | | | |
| environment. From the factors you identify formulate your | | | |
| research approach to assess and create the best strategy for | | | |
| your organization. | | | |
| PESTLE analysis | | | |
| Porter's Five Forces model. | | | |
| 7. Collate and analysis your competitors in a similar way so | | | |
| that you have sufficient intelligence to judge how they will | | | |
| respond to your proposed strategy. | | | |
| This should be at least a SWOT and PESTLE analysis for each | | | |
| competitor so that you are able to identify what aspects are out | | | |
| of their control and will have an impact on their operations and | | | |
| structure. | | | |
| | | | |

Strategy Process Checklist

| Process Stages | Timeframe | Completed |
|--|-----------|-----------|
| 8. You may want to involve an external specialist at this stage | | |
| of the process, who can facilitate the further refinement of your | | |
| strategy options. | | |
| | | |
| 9. Investigate and quantify financial implications of each | | |
| strategy option. | | |
| | | |
| 10. Strategy development team make an informed decision | | |
| and select the strategy that fulfills your organizations mission | | |
| or objective meeting the financial constraints of your | | |
| organization. | | |
| | | |
| 11. Present this to the board of directors, and if appropriate key | | |
| investors, for their final approval. | | |
| 12. Formulate and agree an implementation based on the formally | | |
| agreed strategy. | | |
